

Year 4 Autumn 1 Website photographs

For our first Art topic of Y4 our focus was drawing portraits. We explored different styles by different artists and were able to share our opinions on the techniques that they used. We experimented with different shading techniques such as hatching and stippling. We even looked carefully at different parts of the face in more detail and drew some fantastic eyes and eyebrows! For our final pieces, we created a portrait of a celebrity of our choice using all of the techniques that we have learned, can you tell which famous footballer Harvey chose?
