## Spring FS2 Newsletter

### Busy, Busy, Busy!

I'm sure, like us, you can't believe just how fast the year is going. We are approaching our third and final term and the children are changing and developing so quickly. They are all doing really well. This term has been super busy with our trips, visits from the local police and fire service and our daily work in the classroom. The learning we are seeing continues to amaze us and is laying firm foundations for Y1. Well done everyone!

### Spotlight on Maths

Each day children take part in a whole class 'carpet' Maths session in Reception. We have a theme for the week and build on skills and knowledge over the days.

The children are able to work 'freely' at our Maths table exploring the equipment linked to this weekly theme.

Staff also plan a structured Maths activity each week. Children complete this activity in small adult-led groups. Occasionally they record their work. Sometimes we take photos of the learning as it happens.

This term we have covered numbers to 10, length and height, time, 3D shape and capacity.

### Visitors

These are a few pictures from our special visitors at the start of the year. We were lucky enough to meet Sergeant Clack from Woodseats Police Station and firefighters from Lowedges Fire Station. It was great fun!

### Just a few reminders.....

- As the weather starts to (hopefully) get warmer next term, please send your child to school wearing suncream and a sunhat.
  - Please speak to staff if you have any worries or concerns.
- Thank you!
