History - The Romans

In History, we learnt all about the Roman era. We really enjoyed learning about the Roman army and gladiators. We also looked at why the Romans invaded Britain and learnt who Julius Caesar, Emperor Claudius and Boudicca were. To finish off our topic, we had a 'Roman Day' where we dressed up in fabulous costumes. Throughout the day, we got to look at a variety of artefacts from Roman times, learnt how to use an ink pot and stylus to write and even had the opportunity to try out Roman shields, swords and helmets.

DT - Let's Go Fly a Kite

In DT, Y4 made their own kites. To begin with, we had great fun testing out a range of different kites on a very windy day! We learnt about the different parts of a kite and discussed which materials and shape would make a kite fly well. We used this knowledge to design our own kite and then we had to accurately cut and join a range of materials to make our product. After testing out our products, we evaluated our design.
