

Year 3 Website Photos for Spring 1

English

During Spring 1, Y3 made their own non-chronological report on Ancient Egyptian Toys and Games to link in with our topic of Ancient Egypt. We began by looking at the features of a non-chronological report and finding out more about what Ancient Egyptian people used to play with. We then made sure our writing would be exciting by using a range of conjunctions and openers. After this, we made a plan and then wrote our non-chronological report, ensuring we included all of the features we had learnt about the previous week. We really enjoyed reading each others and we hope you enjoy reading them too!

Art- Printing, Patterns in Nature

This term in Art we have focused on the skill of printing. Our inspiration has been the Artist William Morris who created wallpaper prints influenced by nature. First we enjoyed creating repeated printing patterns using lots of different objects such as bubble wrap and feathers. We then moved on to creating nature inspired printing tiles to make our final pieces, our very own wallpaper designs! We were brilliant at keeping William Morris' style in mind whilst also keeping our designs bright and eye-catching!
