Our Sheffield

Key vocabulary to remember and use in your learning

cholera	A disease that comes from drinking dirty water.
reservoir	A man-made body of water intended to supply clean drinking water to nearby inhabitants.
Dale Dyke Dam	The newly-built dam which collapsed, allowing the flood to occur. It is built on the River Loxley in Low Bradfield.
reform	To make something better by removing the things which went wrong/were faulty.
aftermath	The immediate effects after a major event.
crucible	A ceramic or metal dish in which metal can be melted at a very high temperature.
Sheffield Plate	A very thin silver plating that is made from mixing silver and copper.

This print demonstrates the extent and impact of the Great Sheffield Flood (1864).
