

## Core Values

The school's Core Values are an essential tool in the personal development of all children.

Our five core values are embedded in all their experiences. Each of the five values are visually present in every classroom and we aim for the values to be actively taught and not just experienced. The school is immersed in these values. They form the basis for rewards - using House Teams to celebrate the successes of these values, feature in assemblies and act as a reference point of the staff and children throughout the day, both in and out of the classroom.

### Abbey Lane Core Values

At Abbey Lane Primary School, we believe in

## INDEPENDENCE

I am confident, I can solve problems, I can make good choices, I am organised.

## TEAMWORK

I can talk clearly to others, I can listen, I can share ideas, I can work in a team.

## CREATIVITY

I can make connections, I can explore ideas by asking questions,  
I can change my decisions.

## RESPECT

I can look after myself and my belongings, I can think about how I speak to other people, I can look after things that I borrow and the world around me.

## WELLBEING

I can connect with others, I can keep physically active, I can keep learning, I can think about how to help other people, I can take notice of the things around me.
