World Book Day Recounts

During English we learned all of the key features of a personal recount such as past tense, a range of conjunctions, first person and even including our emotions. We were able to showcase all of our skills when writing our own personal recounts all about World Book day. It was great because we also got to write about going to Badminton in our World Book day costumes which we all enjoyed! Our recounts were brilliant and we were very proud of them!

This half term, Y3 learned all about Angry Earth. We looked at the formation of the Earth and its layers; crust, mantle, outer core and inner core. We discovered all about earthquakes, volcanoes and tsunamis, as well as how these are formed. We looked at an area of the Earth known as The Ring of Fire and why it is home to so many earthquakes and volcanoes. Also, we enjoyed doing lots of practical experiments to consolidate our knowledge.
