### History

This half term, Year 5 has thoroughly enjoyed learning about the Vikings. From the initial invasions, to how they settled in Britain and the battles they experienced. On our 'Viking Day', we learnt about how important the shield wall was in battle. After designing and making our own shields, we re-created a shield wall which was able to withstand an attack from a rival army!

### English

We have thoroughly enjoyed reading Julia Green's amazing book, *The Wilderness War*, which tracks the journey of Noah and his friends' attempt to save the piece of wilderness land that sits beside their houses. Local developers are wanting to sell the land to build houses on, so we were able to think about the arguments for and against this happening. We conducted a class debate, wrote balanced arguments and recorded our own radio debates!
