Geography - Coasts

In Geography this half term, we have been looking at our coasts. We have focused on the features of coasts, erosion and different types of weathering. We also used our coast learning when we visited Bempton Cliffs for our recent school trip, where we looked for birds and looked at the erosion of the cliff edge. It was brilliant!

Art- Adinkra printing

In Art, we have been doing some printing based on Adrinka patterns. We then experimented with relief, mono and resist printing each week. Finally we used polystyrene tiles to print our patterns onto fabric.
